
Additional Update to the End-of-Sale (EOS) Notification of Brocade-branded Transceivers and Cables SKUs, and Replacement with Equivalent Extreme-Branded SKUs.

EOS Notification Summary

This notification provides additional updates the EOS notices issued on 4/30/2019, 7/31/2018, 8/30/2019, and 11/9/2019 concerning the discontinuation of Brocade-branded cables and transceivers SKUs in the Extreme's portfolio. This update outlines:

- EOS and EOSL Dates (Tables 1, 2, 3, 4 and 5)
- List of software (S/W) releases and hardware (H/W) platforms supporting the replacement SKUs (Table 6).

Update in this revision:

1. The End of Sale date for a number of SKUs below has been extended to 1/15/2021 to allow additional time for customers to transition to the new replacement SKUs. Note that during this extended time, some components will experience extended lead times as new inventory will be purchased to support backlog orders only.
2. A number of SKUs are being removed from this End of Sale notification and will remain "for sale" until further notice.
3. The multi-pack SKUs for a number of new (replacement) SKUs will not be offered. The tables below have been updated to reflect that the single-pack SKUs should be ordered in place of the previously announced Multi-pack SKUs.
4. Additional notes are also provided to clarify certain terms.

Affected Products

The complete list of affected SKUs is provided in Tables 1, 2 and 3 below.

Table 1 - List of SKUs for which End of Sale will remain as 7/15/2020 as previously indicated.

- **End-of-Support-Life Date:** The last date a product will be supported by Extreme Networks.

End of Sales Milestone Dates

Milestone Dates for parts shown in Table 1

Part Number	EOS Announce Date	EOS Date	Last Supported Release Stream (Projected)	EOSM Date	EOSL Date
List provided in Table 1	04/30/2019	7/15/2020	N/A	NA	7/15/2030

Milestone Dates for parts shown in Table 2

Part Number	EOS Announce Date	EOS Date	Last Supported Release Stream (Projected)	EOSM Date	EOSL Date
List provided in Table 2	04/30/2019	12/31/2019	N/A	NA	12/31/2024

Milestone Dates for parts shown in Table 3

Part Number	EOS Announce Date	EOS Date	Last Supported Release Stream (Projected)	EOSM Date	EOSL Date
List provided in Table 3	04/30/2019	1/15/2021	N/A	NA	1/15/2031

Important Notes:

1. The availability of each individual part is “while supplies last”, and supply of any module is not guaranteed through the End of Sale date.
2. Support services for the parts defined in this announcement are “Service Associated” with the chassis or module in which they are used. The EOSL date shown above for SKUs indicated in Table 1 reflects extension of the standard EOSL date to enable service association with chassis/modules which have not yet been announced for EOS. During the support period, Return Merchandise Authorization (RMA) replacements will use EOS SKUs if available, after which the equivalent new replacement SKUs will be

provided.

3. During the EOS notification period, certain parts may experience extended lead times.
4. The company name on the transceiver/cable and outside packaging may change to reflect “Extreme”. The device is otherwise identical to the part which had “Brocade” company name on the label/packaging.

All EOS SKUs listed in Tables 1, 2 and 3 will be supported on:

- All existing supported S/W releases.
- All S/W releases listed in Table 6.

All New Replacement SKUs listed in Tables 1, 2 and 3:

- Are intended to be supported on the S/W releases listed in Table 6 and later releases. Please refer to the release notes for individual releases and later releases to confirm which replacement SKUs are supported in each release.
- Will operate as an “unsupported” devices on existing supported S/W releases that are not listed in Table 5. In these cases, Digital Optical Monitoring may not function. Customers are recommended to upgrade to the releases listed in Table 6 or later releases.

Customers operating older unsupported software releases are recommended to upgrade to the releases listed in Table 4 or later releases, which will provide support for EOS replacement SKUs listed above as indicated by the release notes for each release.
