## Sustainable Solutions

- Eco-friendly cooling water technology options
- Customized solutions to help reduce operating costs through energy and water conservation
- Effective water treatment programs to help reduce greenhouse gases

## Intelligent Water Management

CTVista®+ is a cloud-based intelligent water management platform designed to help you with:

- Data management
- Reporting
- Analytics
- Real-time guidance

**CTVISTA+**

ChemTreat continues to exceed customer expectations because we have a simple strategy: provide superior service with a long-term view, use the most current technology, and employ the best people. We leverage this winning formula to take on the most difficult water treatment problems and succeed where others fail.

# ChemTreat's Enhanced Offerings

---

## Utility Treatment

- Solutions for advanced process cooling water and steam systems
- High-stress corrosion and deposit control programs for reactors
- Phosphate-free programs to reduce environmental impact

## Automation and Control

- Custom-designed monitoring and control packages to optimize system efficiency and performance
- Fluorescence monitoring technology for traced treatment programs
- Web-enabled data management to provide real-time reporting and analysis

## Purified Water Treatment

- NSF-approved chemistries to help optimize the life and performance of membrane systems
- Cleaners and sanitizers for media beds and filtration systems
- Antiscalant treatment and cleaners for reverse osmosis

## Wastewater Treatment

- Wastewater reuse programs to reduce plant discharge and makeup and help you meet environmental goals
- Data management systems to help support your regulatory efforts and quality audits
- Chemical handling programs to help reduce waste

## Customer Education

- Comprehensive team training to help with the startup of water management programs
- Seminars and workshops to communicate best practices and new technologies
- Audit programs to ensure efficiency of operations and highlight cost savings opportunities

---

*Enhanced offerings are optional services. They are not part of all treatment packages.*
