
Advance Notification of End-of-Sale of X430 Switches

This document is the advance notification of the end-of-sale of the X430 Switches.

The X430 switch line will be going End of Sale on September 30, 2018 and the 210/220 Series that were announced on March 17, 2017 or the ERS3500/3600 will be the migration strategy for many of the X430 customers. For those customers that require EXOS on the replacement switch, the X440-G2 is the only migration option.
