

Extreme EVO: Event and Venue Operations Kits

Enabling Digital Ticketing and Contactless Payment

New and elevated demands in the industry have placed increased pressure on in-venue IT solutions, which aren't ready.

Operational Demand

- Digital Gates and Entrance
- Digital Concession and Touchless Transactions

Safety Demand

- Cleanliness of Public Surfaces
- Optimize Movement and Fan Flow

IT Demand

- Infrastructure Readiness
- Secure Connectivity
- Increased Network Capacity

The Immediate Need: Network Enabled Digital Transformation

Digital Ticketing

- Reduces Physical Contact
- Improves Operational Efficiency
- Reduces Costs of Printing Tickets
- Strengthens Fan Insights

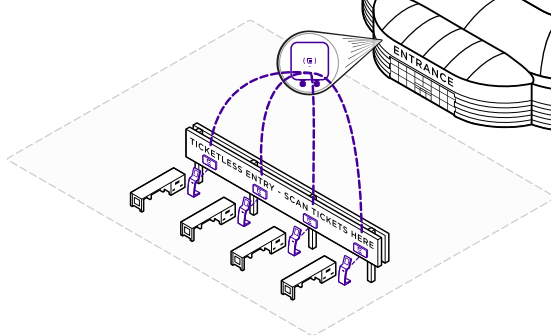

Contactless Payments

- Reduces Physical Contact
- Process Payments Faster
- Maintain Data Security
- Seamless Fan Experience

How Extreme Helps: Digital Venue Packages

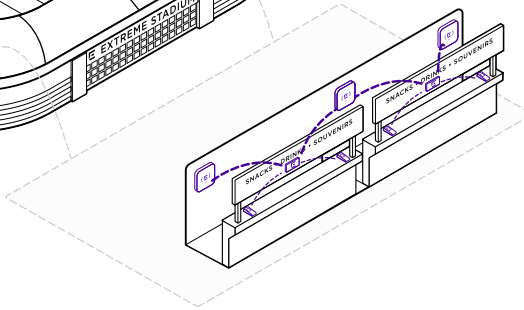

Digital Ticketing

Connectivity for mobile fan devices and ticket scanners that delivers rapid entrance

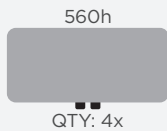

Contactless Payments

Connectivity for mobile fan and POS devices that delivers secure payment transactions
