

# cvent | LeadCapture

*Cvent LeadCapture is the best way to help your exhibitors get the most value from your events, measure the impact of their participation, and keep them coming back each year.*

Exhibitors and attendees are two of the most important groups at your event and can directly impact whether it's profitable. As an event organizer, it's up to you to deliver value and help them get a positive return on their investment in your event. This means helping exhibitors connect and build relationships with the right attendees and qualified buyer.

LeadCapture allows exhibitors to easily capture, qualify, and rate the leads they engage with to be able to more quickly and effectively follow-up. Your LeadCapture data will be seamlessly synced with your other Cvent solutions.

## How Your Exhibitors Use LeadCapture

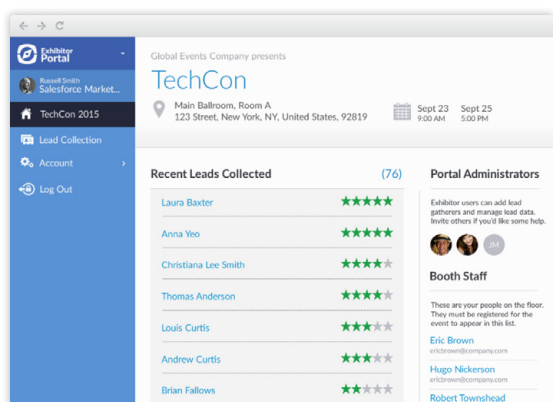

1. They can rent handheld scanners or download the LeadCapture app to their own device
2. At your event, they can easily scan, qualify, and rate leads
3. They can collect custom information about leads that's important to them
4. They'll be able to quickly export leads to any database on demand

## The Value of LeadCapture for Your Exhibitors
