
End-of-Sale for ReachNXT AC Power Adapter

This document is the notification of the pending end-of-sale of the ReachNXT AC Power Adapter (12102) worldwide.

The compact and quiet ReachNXT 100-8t enterprise port extender provides 8 Fast Ethernet ports plus 1 Gigabit Ethernet combo copper/SFP fiber port. The ReachNXT 100-8t will operate only if connected to an upstream ExtremeXOS switch. It is a fan-less design for low-noise environments. The ReachNXT can be powered via Power over Ethernet (PoE) provided by a switch or an optional AC adapter.

Due to new regulations already in place in the United States and new regulations going into effect in EMEA, the AC power adapter (12102) can/will no longer be able to be shipped into these geographies, so Extreme Networks® is announcing the End of Sale of the ReachNXT power adapter. Since the vast majority of the ReachNXT 100-8ts are deployed using PoE, Extreme has chosen not to test/certify a replacement power supply. Extreme does have inventory in its warehouses that can be shipped to customers in these geos and believes it is adequate to satisfy the demand for the next two quarters.

Products Affected in U.S. Only

Part #	Name	Product Description
12102	ReachNXT 100-8t AC Power Adapter	Optional AC power adapter with 3 attachable power pins/plugs; AC input: 100-240V, 50/60Hz, Max 0.5A; DC output: 12V, 1.25A

Definitions

- **End-of-Sales Announcement Date:** Date of official End-of-Sales notice.
- **End-of-Sales Date:** The last date to order the product through Extreme Networks point-of-sale mechanisms. The product is no longer offered for sale after this date.
- **End-of-Life Date:** The last date a product will be supported by Extreme Networks.

End of Sales Milestones – Worldwide

Platform	EOS Announce Date	EOS Date	EOL Date
ReachNXT 100-8t AC Power Adapter	3/28/2016	9/30/2016	9/30/2017*

* On parts with a one year warranty, the only customers who will get support on this part are the ones who purchased the part within the last year before end-of-sale and have warranty left on the part or customers who have coverage via a maintenance contract. Customers with a maintenance contract they purchased prior to end-of-sale could renew that coverage for up to 5 years after end-of-sale, which is the end-of-support date.

Product Availability

This end-of-sale notice product will be orderable until September 30, 2017 or until inventory is depleted and no longer available.

Replacement Products

There is no direct replacement for the optional AC power adapter. The only options for powering the ReachNxt 100-8t is Power over Ethernet (PoE) provided by an upstream ExtremeXOS switch or a midspan power injector.

Ongoing Support

New contracts may *only* be added in the first 12 months following the end-of-sale date. Existing contracts may be renewed during the first 4 years of the end-of-support period, provided that during the period following the end-of-sale date, the hardware replacement services provided do not include any 4-hour or onsite services, and that the contract expiration date does not extend beyond the end-of-support date as specified above. During the support period, replacement of product and/or repairs may be limited by availability of components. Extreme Networks reserves the right to change prices and/or discontinue any service plans at any time on end-of-sale product. For detailed information regarding service pricing on this end-of-sale product, please consult your local Extreme Networks sales representative for the most recent price list.
