
Retroactive End-of-Sale Notification for ES-6510

The ES-6510 is a three port Ethernet wall switch. Designed as a companion to the AP-6511, the ES-6510 was installed in alternating hotel guest rooms when the AP-6511 was installed one in every other room. As the AP density increased, the need for the ES-6510 has dropped off.

The single radio AP-6511 was announced EOS on PMB 2741 for most markets. The ES-6510 End of Sale milestones should align with PMB 2741. This retroactive End of Sale Notification aligns the ES-6510 with the PMB 2741.

Several wall plate access points with Ethernet ports are available as a replacement for the AP-6511 and ES-6510. For example, the AP-7502 or AP-7602 are designed for slightly different applications of a wallplate access point. Both the AP-7502 and AP-7602 provide new features and capabilities not available on the AP-6511 and ES-6510 products.

Please contact your Extreme Networks distribution account manager or Product Line Managers if you have any questions.

Products Affected

Part Number	Product Description	Suggested Replacement
MODEL ES-6510		
ES-6510-0000D-WR	Three port Ethernet wall switch. 70mm x 115mm	AP 7502 or AP 7602

Accessories

None

Last Supported Extreme Wireless WiNG Firmware

The last supported firmware version will be determined according to the End of Software Date milestone in the chart below.

Definitions

- **End-of-Sales Advanced Notification:** End-of-Sales advanced notification.
- **End-of-Sales Announcement Date:** Date of official End-of-Sales notice.
- **End-of-Sales Date:** The last date to order the product through Extreme Networks point-of-sale mechanisms. The product is no longer offered for sale after this date.
- **End-of-Life Software Date:** The last date software fixes will be supported on a hardware product.
- **End-of-Life Hardware Date:** The last date a product will be supported by Extreme Networks.

End of Sales Milestone

Access Points

Terms & Conditions

Orders are subject to product availability. Extreme Networks shall not have any liability for failure to meet a delivery date.

Ongoing Support

New contracts may *only* be added in the first 12 months following the end-of-sale date. Existing contracts may be renewed during the first 4 years of the end-of-support period, provided that during the period following the end-of-sale date, the hardware replacement services provided do not include any 4-hour or onsite services, and that the contract expiration date does not extend beyond the end-of-support date as specified above. During the support period, replacement of product and/or repairs may be limited by availability of components. Extreme Networks reserves the right to change prices and/or discontinue any service plans at any time on end-of-sale product. For detailed information regarding service pricing on this end-of-sale product, please consult your local Extreme Networks sales representative for the most recent price list.
